Subject: EVENING NOISE DISTURBANCE IN MAIDENHEAD TOWN CENTRE

Dear Councillor,

I am most concerned about noise in the town centre area during the evening. I walked through the town centre from the railway station last night with my wife and we were appalled at the noise emanating from the pubs and bars of Queen Street. There were a number of premises where noise in the street from live and recorded music was quite overwhelming. It does nothing for the good name of the town and is quite unacceptable for people living or passing through the area. Clearly, the noise and resulting degradation of the town centre environment can and must be controlled.

I should be most grateful if you would take up this matter such that it is resolved for the benefit of the town at large.

(I have also written to other councillors for the Riverside Ward).

Sincerely,

Martin Thurgood
