Further to your Information request ER65080 please find your questions and our responses below:

Please can you provide me with a list of your inert landfill sites, their location (post code or grid ref), their size (ha), their remaining capacity (mt) for accepting inert waste, together with liability to flood and locations within any landscape designations.

Response: I have been advised we do not hold this information in the format required.

The flood zone plans are publically available on the Environment Agency web site. The information does not belong to the Council.

The terms landscape designations is very vague – in terms of Conservation Areas – these are published on the Council’s web site, in terms of Green Belt this is defined in the local plan and again the information is available on the Council’s web site. We do not have any Area of Outstanding Natural Beauty or National Park land.

Nature Conservation designations are also available on the Council’s web site and from Natural England.

This concludes your request ER65080.
