Further to your Information request FOI64065 please find your questions and our responses below:

Please provide details of:

- How many individuals in your council have been assessed for adult social care in each of the last five financial years

**Response:**
07/08: 2201  
08/09: 1444  
09/10: 1251  
10/11: 1360  
11/12: 958

This data comes direct from the RAP return data which is submitted each year to the NHS Information Centre for health and social care. There was a change in joint systems and data in Mental in 11/12 that reduced the number.

- How many have been categorised in each band (low, moderate, substantial and critical [according to the DH *Fair access to care services* guidance]) in each year

**Response:** This has only been recorded on the social care systems for the last 18 months. As such any data other than last years is impossible to get and the 11/12 figures are incomplete and unverified.

- What support has been offered to individuals placed in each category (low, moderate, substantial and critical [according to the DH *Fair access to care services* guidance]) in each year

**Response:** As per the previous question only last years data can be provided here which is therefore incomplete and unverified

Please can you also provide details on how many individuals in your council have sold their homes to pay for residential care in each financial year since 1997-98.

**Response:** I have been advised we do not hold this information.

What is the average length of time for an assessment of somebody for adult social care in the last year for which figures are available.

**Response:** 41 days from referral to end of assessment.

*Taken from the data provided in the RAP return to the NHS Information Centre for health and social care.*

How many adults in your council have had to be re-assessed due to moving from a different council in each of the last five years, and in each year, what was the
average wait before requesting an assessment and receiving support for those who are eligible?

Response: We cannot obtain this data from the systems at this time. Our estimate is in single figures each year and the process would the same as for any other resident.

This concludes your request FOI64065.
