Further to your Information request FOI64439 please find your question and our response below:

**Request:** Information on non-self-drive cars owned or leased by your council (i.e. cars owned or leased for the purpose of driving/chauffeuring elected members and/or council staff). Specifically may I be informed of the number of cars leased or owned by your council for the purpose of driving/chauffeuring elected members, executives, and council workers? (i.e. not cars for self-drive) I would also like to know the make and model of each car, whether it is owned or leased, and how much the car has cost the council in lease, or purchasing, over the past five financial years. Please state how many times each of these have been used; and by which councilors and staff members (including their directorate), on a yearly basis, for the past five financial years. For each car please can you tell me the yearly running cost - including the cost of driver(s) - for each of the past five financial years? If you have a driver(s) employed on a 'bank' basis, please can you tell me how much this has cost for each of the past five financial years? I would also like to know the mileage clocked up on this automobile(s) over the past five financial years. For clarification, by the term 'past five financial years' I mean: 2011/12; 2010/11; 2009/10; 2008/9; 2007/8

**Response:** I have been advised the information in response to your request is contained in the file below.

This concludes your request FOI64439

If you are unhappy with the information we have provided in response to your request please write to:
