Further to your Information request FOI64625 please find your questions and our responses below:

**Questions:**

1. Do any council employees have their salary paid into a non-UK bank account? (i.e. where the Sort Code is non-UK)

2. If the answer to the above is 'yes', how many employees does this apply to currently?

3. Please provide a breakdown of the above showing:
   (a) A list of all non-UK countries where bank accounts are registered (i.e. with non-UK sort codes) to receive salary payments for employees.
   (b) For each non-UK country, please give the total number employees who have bank accounts registered there which receives their salary payments.
   (c) A list of the job titles (and/or salary brackets) of the above people
   (d) The highest and the lowest salary of the above people

If it is not possible to provide all the information, please nevertheless provide as much of it as possible.

**Further information:**

It has since come to my attention that some of the councils I asked have included the Channel Islands, the Isle of Man, Gibraltar and other similar territories in the category of UK (I think this is because of the way BACs categorises them). As a result they have said there are no salaries paid to non-UK bank accounts.

However, for the purposes of this FOI, UK should only include England, Wales, Scotland and Northern Ireland. If there are any salaries paid to bank accounts with sort codes in Channel Islands, etc, this should be classified as non-UK.

**Response:**

We do not hold this information. RBWM's system holds a valid sort code for each employee paid electronically, but the bank branch addresses are input manually, and do not provide any further information other than towns. This makes it impossible for us to identify whether we pay to anywhere outside England, Wales, Scotland and Northern Ireland without a list of sort codes to be excluded from the data.
This concludes your request **FOI64625**.
