Further to your Information request FOI65608 please find your questions and our responses below:

Q) The operational management accounts including the annual amount of revenue (net of VAT) collected within the past three years for daily tickets, season permits and all other types of income, together with the annual costs of operating the car park

Response:
A) The income for the car park can be provided as these are readily attributable to individual car parks.

193K Inc 2010/11
198K Inc 2011/12
214K Inc 2012/13

However, annual costs is made up mostly of activities such as patrolling, cash collection, maintenance contracts which are not readily attributable to individual car parks. This information could be estimated but would probably require extra time.

B) The annual number of parking transactions (both daily tickets and season passes) recorded at the subject car parks within the past three years i.e. calendar years 2010, 2011, and 2012

Response:

2010  85044
2011  79618
2012  76357

These are for Alma Road

    2012  7173

We only have figures for Dials from May 2012 onwards

We cannot provide figures for Season ticket use on any day as there is now way of counting these.
