I am writing on behalf of David Davies to respond to your information request:

1. Other than statistics about the number of children on Child Protection Plans, what mechanisms does the local authority use to find out how many children in your area are at risk of or are experiencing neglect? The local authority is currently developing its tracking systems within early help in order to improve identification of vulnerable families.

2. How many children are at risk of experiencing neglect in your area? We do not hold this information.

3. Do you know how many children have benefited from a reduction in domestic violence and are better cared for and safe? We do not hold this information.

4. Do you regularly provide your LSCB with data on how many children in your area are at risk of or are experiencing neglect? The number of children on a child protection plan for reasons of neglect is an indicator in the LSCB dataset which is monitored quarterly.

If you are unhappy with the information we have provided in response to your request please write to:
