I am writing on behalf of Ben Savage to respond to your information request:

1. Has your local authority got a community team that supports adults with a learning disability (aged 18-64) specifically?

Adults with learning disabilities in the Royal Borough of Windsor and Maidenhead are supported by an integrated health and social care Community Team for People with Learning Disabilities.

2. Does the team have professionals in it with expertise in assessing and managing behaviour that challenges in adults with a learning disability? If so, please list the number and type of these professionals. Please give this information for the last 3 financial years (2013/14, 2012/13, 2011/12).

Behavioural nursing is provided through the NHS as part of the integrated team.

3. How much money is spent on behaviour expertise in the community team(s) to support adults with a learning disability specifically? Please give figures for the last 3 financial years (2013/14, 2012/13, 2011/12).

Behavioural nursing is provided and funded directly by the NHS as part of the integrated team.

4. Has your local authority got a community team that supports children with a learning disability (aged 0-18) specifically?

We have a multi professional team that covers special educational needs and disability. Staff work in an integrated way and many of those aged 0-18 will have a learning disability.

5. Does the team have professionals in it with expertise in assessing and managing behaviour that challenges in children with a learning disability? If so, please list the number and type of these professionals. Please give this information for the last 3 financial years (2013/14, 2012/13, 2011/12).

Staff who have this expertise include Social Workers, Family Workers, Assessment Co-ordinators and an Occupational Therapist. There is a separate team that offer Behaviour Support in schools. As above it must be noted that none of these roles are exclusively related to learning disability and therefore the costs cannot be disaggregated in this way.

6. How much money is spent on behaviour expertise in the community team(s) to support children with a learning disability? Please give the figures for the last 3 financial years (2013/14, 2012/13, 2011/12). As no 5
