Further to your Information request FOI67515 please find your questions and our responses below:

Dear public authority, I am requesting information from you under the Freedom of Information Act.

All of these questions pertain to an electronic device known as a Mosquito device: an instrument that can be installed on buildings or structures and upon activation produces high-pitched sounds that only young people can hear.

1. Has your public authority ever purchased a Mosquito device?
2. If yes, how many Mosquito devices were purchased by your local authority?
3. When were the Mosquito devices purchased?
4. If known, where were the devices used?
5. What has been done with the Mosquito's if they are no longer in use? Where are they now?
