## EQUALITY IMPACT ASSESSMENT

### EqlA : Climate Leadership

#### **Guidance notes**

##### **What is an EqlA and why do we need to do it?**

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'due regard' to:

- Eliminating discrimination, harassment and victimisation and any other conduct prohibited under the Act.
- Advancing equality of opportunity between those with 'protected characteristics' and those without them.
- Fostering good relations between those with 'protected characteristics' and those without them.

EqlAs are a systematic way of taking equal opportunities into consideration when making a decision, and should be conducted when there is a new or reviewed strategy, policy, plan, project, service or procedure in order to determine whether there will likely be a detrimental and/or disproportionate impact on particular groups, including those within the workforce and customer/public groups. All completed EqlA Screenings are required to be publicly available on the council's website once they have been signed off by the relevant Head of Service or Strategic/Policy/Operational Group or Project Sponsor.

##### **What are the "protected characteristics" under the law?**

The following are protected characteristics under the Equality Act 2010: age; disability (including physical, learning and mental health conditions); gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

##### **What's the process for conducting an EqlA?**

The process for conducting an EqlA is set out at the end of this document. In brief, a Screening Assessment should be conducted for every new or reviewed strategy, policy, plan, project, service or procedure and the outcome of the Screening Assessment will indicate whether a Full Assessment should be undertaken.

##### **Openness and transparency**

RBWM has a 'Specific Duty' to publish information about people affected by our policies and practices. Your completed assessment should be sent to the Strategy & Performance Team for publication to the RBWM website once it has been signed off by the relevant manager, and/or Strategic, Policy, or Operational Group. If your proposals are being made to Cabinet or any other Committee, please append a copy of your completed Screening or Full Assessment to your report.

##### **Enforcement**

Judicial review of an authority can be taken by any person, including the Equality and Human Rights Commission (EHRC) or a group of people, with an interest, in respect of alleged failure to comply with the general equality duty. Only the EHRC can enforce the specific duties. A failure to comply with the specific duties may however be used as evidence of a failure to comply with the general duty.

## EQUALITY IMPACT ASSESSMENT

### EqIA : Climate Leadership

#### Stage 1 : Screening (Mandatory)

##### **1.1 What is the overall aim of your proposed strategy/policy/project etc and what are its key objectives?**

The aim is to provide a more robust and independent delivery structure for the Borough's Environment and Climate Strategy, enabling the public and private sector to work with community organisations to deliver a net zero borough by 2050 at the latest. The RBWM Climate Partnership will provide a broader base of leadership of the strategy, sharing of best practice and additional resource. This will free up the council's own sustainability team to focus on delivering projects to support the outcomes of the Environment and Climate Strategy.

**1.2 What evidence is available to suggest that your proposal could have an impact on people (including staff and customers) with protected characteristics? Consider each of the protected characteristics in turn and identify whether your proposal is Relevant or Not Relevant to that characteristic. If Relevant, please assess the level of impact as either High / Medium / Low and whether the impact is Positive (i.e. contributes to promoting equality or improving relations within an equality group) or Negative (i.e. could disadvantage them). Please document your evidence for each assessment you make, including a justification of why you may have identified the proposal as "Not Relevant".**

## EQUALITY IMPACT ASSESSMENT

### EqIA : Climate Leadership

Protected characteristics	Relevance	Level	Positive/negative	Evidence
<b>Age</b>	Relevant	Low	Positive	Impact of not tackling climate change likely to have negative impact on all ages. Taking action will have a larger positive impact for younger generations who would otherwise experience more of the consequences of climate change.
<b>Disability</b>	Not relevant			The over arching strategy and the actions are not expected to have a specific impact on those with disabilities over other groups. Individual projects can be assessed as they are developed and taken forward to ensure this continues to be the case. Engagement activity to support the public consultation included a presentation to the disability and inclusion forum.
<b>Gender re-assignment</b>	Not relevant			There are no actions suggested within the strategy that will impact this group compared to others. Individual projects can be assessed as they are developed and taken forward to ensure this continues to be the case.
<b>Marriage/civil partnership</b>	Not relevant			There are no actions suggested within the strategy that will impact this group compared to others. Individual projects can be assessed as they are developed and taken forward to ensure this continues to be the case.
<b>Pregnancy and maternity</b>	Not relevant			There are no actions suggested within the strategy that will impact on a particular race compared to others. Individual projects can be assessed as they are developed and taken forward to ensure this continues to be the case.
<b>Race</b>	Not relevant			At this stage, there are no actions suggested within the plan that should specifically impact any religion.
<b>Religion and belief</b>	Not relevant			The strategy and action plan should not impact differently on different sex, those with gender reassignment or sexual orientation. We will continue to screen the impacts of individual actions to ensure this continues to be the case.
<b>Sex</b>	Not relevant			See above
<b>Sexual orientation</b>	Not relevant			See above
