Guidance notes

What is an EqlA and why do we need to do it?

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'due regard' to:

- Eliminating discrimination, harassment and victimisation and any other conduct prohibited under the Act.
- Advancing equality of opportunity between those with 'protected characteristics' and those without them.
- Fostering good relations between those with 'protected characteristics' and those without them.

EqlAs are a systematic way of taking equal opportunities into consideration when making a decision, and should be conducted when there is a new or reviewed strategy, policy, plan, project, service or procedure in order to determine whether there will likely be a detrimental and/or disproportionate impact on particular groups, including those within the workforce and customer/public groups. All completed EqlA Screenings are required to be publicly available on the council's website once they have been signed off by the relevant Head of Service or Strategic/Policy/Operational Group or Project Sponsor.

What are the "protected characteristics" under the law?

The following are protected characteristics under the Equality Act 2010: age; disability (including physical, learning and mental health conditions); gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

What's the process for conducting an EqlA?

The process for conducting an EqlA is set out at the end of this document. In brief, a Screening Assessment should be conducted for every new or reviewed strategy, policy, plan, project, service or procedure and the outcome of the Screening Assessment will indicate whether a Full Assessment should be undertaken.

Openness and transparency

RBWM has a 'Specific Duty' to publish information about people affected by our policies and practices. Your completed assessment should be sent to the Strategy & Performance Team for publication to the RBWM website once it has been signed off by the relevant manager, and/or Strategic, Policy, or Operational Group. If your proposals are being made to Cabinet or any other Committee, please append a copy of your completed Screening or Full Assessment to your report.

Enforcement

Judicial review of an authority can be taken by any person, including the Equality and Human Rights Commission (EHRC) or a group of people, with an interest, in respect of alleged failure to comply with the general equality duty. Only the EHRC can enforce the specific duties. A failure to comply with the specific duties may however be used as evidence of a failure to comply with the general duty.

EQUALITY IMPACT ASSESSMENT

EqIA : Bus Service Improvement Plan

Stage 1 : Screening (Mandatory)

1.1 What is the overall aim of your proposed strategy/policy/project etc and what are its key objectives?

The overall aim of Bus Service Improvement Plans is to implement the National Bus Strategy: Bus Back Better at a local level. This will establish a new relationship between Local Transport Authorities and Bus Operators with the aim of increasing bus demand through lower and simpler fares, improved service frequencies and better integration within and between services.

The introduction of a Bus Service Improvement Plan will be intended to improve the quality of bus services for users across the borough and increase bus demand.

1.2 What evidence is available to suggest that your proposal could have an impact on people (including staff and customers) with protected characteristics? Consider each of the protected characteristics in turn and identify whether your proposal is Relevant or Not Relevant to that characteristic. If Relevant, please assess the level of impact as either High / Medium / Low and whether the impact is Positive (i.e. contributes to promoting equality or improving relations within an equality group) or Negative (i.e. could disadvantage them). Please document your evidence for each assessment you make, including a justification of why you may have identified the proposal as “Not Relevant”.

EQUALITY IMPACT ASSESSMENT

EqlA : Bus Service Improvement Plan

Protected characteristics	Relevance	Level	Positive/negative	Evidence
Age	Relevant	Low	Positive	Buses are used more per head of population by young people and older people. Any improvement in service would provide greater benefits to this group.
Disability	Relevant	Low	Positive	At present disabled users are underrepresented in terms of bus users. Enhanced partnerships and our bus service improvement plan may provide the opportunity to improve the experience for disabled users.
Gender re-assignment	Not relevant			
Marriage/civil partnership	Not relevant			
Pregnancy and maternity	Not relevant			
Race	Relevant	Low	Positive	Buses are used more per head of population by those from a non-white ethnicity. Any improvement in service would provide greater benefits to this group.
Religion and belief	Not relevant			
Sex	Relevant	Low	Positive	Buses are used more per head of population by women. Any improvement in service would provide greater benefits to this group.
Sexual orientation	Not relevant

Does the strategy, policy, plan etc require amendment to have a positive impact?	Not at this stage	The screening suggests potential for low levels of positive impact already		

If you answered **yes** to either / both of the questions above a Full Assessment is advisable and so please proceed to Stage 2.
