EQUALITY IMPACT ASSESSMENT

EqIA : Energy

Essential information

Items to be assessed: (please mark 'x')

Strategy		Plan		Project	X	Service procedure	
----------	--	------	--	---------	---	-------------------	--

Responsible officer	Chris Joyce	Service area	ISEG	Directorate	Place
---------------------	-------------	--------------	------	-------------	-------

Stage 1: EqIA Screening (mandatory)	Date created: 12/11/2021	Stage 2 : Full assessment (if applicable)	Date created : N/A
--	--------------------------	--	--------------------

Approved by Head of Service / Overseeing group/body / Project Sponsor:

"I am satisfied that an equality impact has been undertaken adequately."

Signed by (print): Chris Joyce

Dated: 12/11/2021

EQUALITY IMPACT ASSESSMENT

EqlA : Energy

Guidance notes

What is an EqlA and why do we need to do it?

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'due regard' to:

- Eliminating discrimination, harassment and victimisation and any other conduct prohibited under the Act.
- Advancing equality of opportunity between those with 'protected characteristics' and those without them.
- Fostering good relations between those with 'protected characteristics' and those without them.

EqlAs are a systematic way of taking equal opportunities into consideration when making a decision, and should be conducted when there is a new or reviewed strategy, policy, plan, project, service or procedure in order to determine whether there will likely be a detrimental and/or disproportionate impact on particular groups, including those within the workforce and customer/public groups. All completed EqlA Screenings are required to be publicly available on the council's website once they have been signed off by the relevant Head of Service or Strategic/Policy/Operational Group or Project Sponsor.

What are the "protected characteristics" under the law?

The following are protected characteristics under the Equality Act 2010: age; disability (including physical, learning and mental health conditions); gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

What's the process for conducting an EqlA?

The process for conducting an EqlA is set out at the end of this document. In brief, a Screening Assessment should be conducted for every new or reviewed strategy, policy, plan, project, service or procedure and the outcome of the Screening Assessment will indicate whether a Full Assessment should be undertaken.

Openness and transparency

RBWM has a 'Specific Duty' to publish information about people affected by our policies and practices. Your completed assessment should be sent to the Strategy & Performance Team for publication to the RBWM website once it has been signed off by the relevant manager, and/or Strategic, Policy, or Operational Group. If your proposals are being made to Cabinet or any other Committee, please append a copy of your completed Screening or Full Assessment to your report.

Enforcement

Judicial review of an authority can be taken by any person, including the Equality and Human Rights Commission (EHRC) or a group of people, with an interest, in respect of alleged failure to comply with the general equality duty. Only the EHRC can enforce the specific duties. A failure to comply with the specific duties may however be used as evidence of a failure to comply with the general duty.

EQUALITY IMPACT ASSESSMENT

EqIA : Energy

Stage 1 : Screening (Mandatory)

1.1 What is the overall aim of your proposed strategy/policy/project etc and what are its key objectives?

The proposal is to review the opportunities to reduce energy consumption and carbon emissions associated with streetlights, fountains and other energy intensive assets across the borough. A series of trials will be run over 2022/23 to develop a plan for reducing energy consumption by potentially dimming, turning off or changing the hours of operation of particular assets. The wider impacts and benefits will be assessed as part of the trials to assess the final solution to be delivered in future years.

1.2 What evidence is available to suggest that your proposal could have an impact on people (including staff and customers) with protected characteristics? Consider each of the protected characteristics in turn and identify whether your proposal is Relevant or Not Relevant to that characteristic. If Relevant, please assess the level of impact as either High / Medium / Low and whether the impact is Positive (i.e. contributes to promoting equality or improving relations within an equality group) or Negative (i.e. could disadvantage them). Please document your evidence for each assessment you make, including a justification of why you may have identified the proposal as “Not Relevant”.

EQUALITY IMPACT ASSESSMENT

EqlA : Energy

Protected characteristics	Relevance	Level	Positive/negative	Evidence
Age	Relevant	Low	Negative	Any trials will need to be carefully designed to ensure that they do not result in negative impacts on the safety and security which could more readily impact younger and older people. However, it is expected that the design of the trials and the final scheme will ensure these impacts are avoided.
Disability	Relevant	Low	Negative	The trials would need to make sure they are designed to ensure those with disability are not disadvantaged, in particular those with visual impairments that might be affected by changing light levels.
Gender re-assignment	Not Relevant			
Marriage/civil partnership	Not Relevant			
Pregnancy and maternity	Not Relevant			
Race	Not Relevant			
Religion and belief	Not Relevant			
Sex	Relevant	Low	Negative	Any trials will need to be carefully designed to ensure that they do not result in negative impacts on the safety and security which is more likely to impact women and girls. However, it is expected that the design of the trials and the final scheme will ensure these impacts are avoided.
Sexual orientation	Not Relevant

Outcome, action and public reporting

Screening Assessment Outcome	Yes / No / Not at this stage	Further Action Required / Action to be taken	Responsible Officer and / or Lead Strategic Group	Timescale for Resolution of negative impact / Delivery of positive impact
Was a significant level of negative impact identified?	Not at this stage	To ensure that further assessment of equalities is undertaken as the scheme is developed and introduced.	Chris Joyce and Alysse Strachan	Ahead of implementation.
Does the strategy, policy, plan etc require amendment to have a positive impact?				

If you answered **yes** to either / both of the questions above a Full Assessment is advisable and so please proceed to Stage 2. If you answered “No” or “Not at this Stage” to either / both of the questions above please consider any next steps that may be taken (e.g. monitor future impacts as part of implementation, re-screen the project at its next delivery milestone etc).

Stage 2 : Full assessment

2.1 : Scope and define

2.1.1 Who are the main beneficiaries of the proposed strategy / policy / plan / project / service / procedure? List the groups who the work is targeting/aimed at.

--

2.1.2 Who has been involved in the creation of the proposed strategy / policy / plan / project / service / procedure? List those groups who the work is targeting/aimed at.

2.4 Has your delivery plan been updated to incorporate the activities identified in this assessment to mitigate any identified negative impacts? If so please summarise any updates.
These could be service, equality, project or other delivery plans. If you did not have sufficient data to complete a thorough impact assessment, then an action should be incorporated to collect this information in the future.
