## EQUALITY IMPACT ASSESSMENT

### EqIA : Nature Recovery Strategy

#### Essential information

Items to be assessed: (please mark 'x')

<b>Strategy</b>	x	<b>Plan</b>	x	<b>Project</b>	x	<b>Service procedure</b>	
-----------------	---	-------------	---	----------------	---	--------------------------	--

<b>Responsible officer</b>	Helen Leonard/James Thorpe	<b>Service area</b>	Tree Team/Sustainability and Climate Change	<b>Directorate</b>	Place
----------------------------	----------------------------	---------------------	---	--------------------	-------

<b>Stage 1: EqIA Screening (mandatory)</b>	Date created: 02/07/2021	<b>Stage 2 : Full assessment (if applicable)</b>	Date created : xx/xx/xxxx
--	--------------------------	--	---------------------------

**Approved by Head of Service / Overseeing group/body / Project Sponsor:**

*"I am satisfied that an equality impact has been undertaken adequately."*

**Signed by (print):** Adrien Waite/Chris Joyce

**Dated:** 02/07/2021

## EQUALITY IMPACT ASSESSMENT

### EqIA : Nature Recovery Strategy

Guidance notes

#### **What is an EqIA and why do we need to do it?**

The Equality Act 2010 places a 'General Duty' on all public bodies to have 'due regard' to:

- Eliminating discrimination, harassment and victimisation and any other conduct prohibited under the Act.
- Advancing equality of opportunity between those with 'protected characteristics' and those without them.
- Fostering good relations between those with 'protected characteristics' and those without them.

EqIAs are a systematic way of taking equal opportunities into consideration when making a decision, and should be conducted when there is a new or reviewed strategy, policy, plan, project, service or procedure in order to determine whether there will likely be a detrimental and/or disproportionate impact on particular groups, including those within the workforce and customer/public groups. All completed EqIA Screenings are required to be publicly available on the council's website once they have been signed off by the relevant Head of Service or Strategic/Policy/Operational Group or Project Sponsor.

#### **What are the "protected characteristics" under the law?**

The following are protected characteristics under the Equality Act 2010: age; disability (including physical, learning and mental health conditions); gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.

#### **What's the process for conducting an EqIA?**

The process for conducting an EqIA is set out at the end of this document. In brief, a Screening Assessment should be conducted for every new or reviewed strategy, policy, plan, project, service or procedure and the outcome of the Screening Assessment will indicate whether a Full Assessment should be undertaken.

#### **Openness and transparency**

RBWM has a 'Specific Duty' to publish information about people affected by our policies and practices. Your completed assessment should be sent to the Strategy & Performance Team for publication to the RBWM website once it has been signed off by the relevant manager, and/or Strategic, Policy, or Operational Group. If your proposals are being made to Cabinet or any other Committee, please append a copy of your completed Screening or Full Assessment to your report.

## EQUALITY IMPACT ASSESSMENT

### EqIA : Nature Recovery Strategy

#### **Enforcement**

Judicial review of an authority can be taken by any person, including the Equality and Human Rights Commission (EHRC) or a group of people, with an interest, in respect of alleged failure to comply with the general equality duty. Only the EHRC can enforce the specific duties. A failure to comply with the specific duties may however be used as evidence of a failure to comply with the general duty.

#### **Stage 1 : Screening (Mandatory)**

##### **1.1 What is the overall aim of your proposed strategy/policy/project etc and what are its key objectives?**

The overall aim is to produce a Nature Recovery Strategy (NRS) and a Nature Recovery Network (NRN). This is a requirement of the Environment Bill and looks to tackle the biodiversity crisis we are facing in the UK. The strategy will look to identify and recommend measures the Council and other partners can take in the Borough to improve the quality and quantity of habitats. The ultimate aim is to see an increase in biodiversity that is so important to the planet.

## EQUALITY IMPACT ASSESSMENT

### EqIA : Nature Recovery Strategy

**1.2 What evidence is available to suggest that your proposal could have an impact on people (including staff and customers) with protected characteristics? Consider each of the protected characteristics in turn and identify whether your proposal is Relevant or Not Relevant to that characteristic. If Relevant, please assess the level of impact as either High / Medium / Low and whether the impact is Positive (i.e. contributes to promoting equality or improving relations within an equality group) or Negative (i.e. could disadvantage them). Please document your evidence for each assessment you make, including a justification of why you may have identified the proposal as “Not Relevant”**

# ROYAL BOROUGH OF WINDSOR AND MAIDENHEAD

## EQUALITY IMPACT ASSESSMENT

### EqlA : Nature Recovery Strategy

Protected characteristics	Relevance	Level	Positive/negative	Evidence
<b>Age</b>	Not Relevant		Positive	Younger people are more likely to suffer from the impacts of climate change and the biodiversity crisis. By implementing action to improve habitats, we are mitigating the worst impacts of climate change.
<b>Disability</b>	Not Relevant		Positive	Access for people with a disability to the natural environment will be increased as a nature recovery network is implemented. This will have positive impacts on their physical and mental health.
<b>Gender re-assignment</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Marriage/civil partnership</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Pregnancy and maternity</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Race</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Religion and belief</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Sex</b>	Not Relevant			There is no perceived impact, either positive or negative.
<b>Sexual orientation</b>	Not Relevant			There is no perceived impact, either positive or negative.

## EQUALITY IMPACT ASSESSMENT

### EqlA : Nature Recovery Strategy

#### Outcome, action and public reporting

Screening Assessment Outcome	Yes / No / Not at this stage	Further Action Required / Action to be taken	Responsible Officer and / or Lead Strategic Group	Timescale for Resolution of negative impact / Delivery of positive impact
Was a significant level of negative impact identified?	No			
Does the strategy, policy, plan etc require amendment to have a positive impact?	No			

If you answered **yes** to either / both of the questions above a Full Assessment is advisable and so please proceed to Stage 2. If you answered “No” or “Not at this Stage” to either / both of the questions above please consider any next steps that may be taken (e.g. monitor future impacts as part of implementation, re-screen the project at its next delivery milestone etc).

## EQUALITY IMPACT ASSESSMENT

### EqIA : Nature Recovery Strategy

#### Stage 2 : Full assessment

#### 2.1 : Scope and define

**2.1.1 Who are the main beneficiaries of the proposed strategy / policy / plan / project / service / procedure? List the groups who the work is targeting/aimed at.**

--

**2.1.2 Who has been involved in the creation of the proposed strategy / policy / plan / project / service / procedure? List those groups who the work is targeting/aimed at.**

--

**2.4 Has your delivery plan been updated to incorporate the activities identified in this assessment to mitigate any identified negative impacts? If so please summarise any updates.**

*These could be service, equality, project or other delivery plans. If you did not have sufficient data to complete a thorough impact assessment, then an action should be incorporated to collect this information in the future.*
