- 1.1 Each application will be considered on its own merits, taking into account all relevant information and circumstances and having regard to the criteria detailed below.
- 1.2 Hackney carriage driver licences will be issued for three years as standard. Any shorter duration licence will only be issued when the Council thinks it is appropriate in the specific circumstances of the case.

A certified English translation of this document must be produced by the applicant at his own cost. If this cannot be provided, the application shall be refused.

- (g) All applicants and licensees are required to disclose if they hold or have previously held;
 - (i) a hackney carriage or private hire drivers' licence with another authority, and
 - (ii) if they have ever had an application for a hackney carriage or private hire drivers' licence refused, or a licence revoked or suspended by any other licensing authority

This will not apply where an applicant can provide evidence of a UK secondary school level qualification taught and examined in English, or equivalent if taught and examined in English and which demonstrates the applicant's ability to read, write, speak and listen in English.

2.1 Nothing in this policy shall preclude a licence holder from being required to undergo a medical examination at any time as may be directed by the Licensing Officers.

3. FIT AND PROPER

- 3.1 A licence shall not be granted where an applicant has been convicted of an offence of a type set out in the assessment of previous convictions in the Hackney Carriage and Private Hire Driver Licences Statement of Policy about Relevant Convictions, below, which;
- (a) has not yet been rehabilitated in terms of the Rehabilitation of Offenders Act 1974 (as amended), or
 - (b) does not meet the requirements of the assessment of previous convictions set out in the Driver Licences Statement of Policy about Relevant Convictions
 - (c) In addition, where there are relevant spent convictions these may also be considered.

The Council will take a particularly cautious view of any offences against individuals with special needs, children and other vulnerable groups, particularly those involving violence, those of a sexual nature and those linked to organised crime.

In addition, where there are relevant spent convictions these may also be considered

- 3.2 A conviction for any of the offences listed in the assessment of previous convictions in the Hackney Carriage and Private Hire Driver Licences Statement of Policy about Relevant Convictions will result in immediate licence suspension or revocation by the Licensing Officers. Where a RBWM licence holder has been served an immigration penalty or convicted of an immigration offence, the licence will be revoked immediately. Should a Hackney Carriage Drivers licence holder be charged with an offence that is deemed to be of such a nature that it poses a serious risk to the public, the Licence shall be immediately suspended by the Licensing Officers until such time that the issue has been resolved
- 3.3 Where a conviction is not in respect of a relevant offence and is not of a nature which would have any bearing on whether the applicant is a fit and proper person to hold a driver's licence, then such a conviction will be disregarded other than in consideration of an overall adherence to the law.

3.4 The Driver must inform the Council without delay about the onset or worsening of any health condition likely to cause him to be a source of danger to the public when driving either now or in the future. Examples are contained in the DVLA Medical Notification Guidance and include;

- giddiness
- fainting
- blackouts
- epilepsy
- strokes
- multiple sclerosis

3.7 From 1 October 2018 existing hackney carriage drivers must undertake mandatory classroom based safeguarding training as prescribed by the Head of Communities, Enforcement & Partnerships and achieve a satisfactory score in the test including in the training.

“Existing hackney carriage drivers” includes any applicant who has started, but not completed the application process on this date.

3.8 Full details of the training and how to arrange to attend will be provided by the Licensing Officers. Drivers attending the training and achieving a satisfactory score in the test will be issued with a certificate.

3.9 This training must be completed by 31 December 2019 and the original of the certificate provided to the Licensing Officers by that date.

3.10 Should an existing driver fail to attend the training and attain a certificate by 31/12/2019 they will not be regarded as fit and proper to hold a Hackney Carriage Drivers Licence. As a result their licence will be suspended until the training is completed and a certificate produced to the Licensing Officer.

3.11 There is a right of appeal against any such suspension to the Council's Appeals Panel.

3.12 The cost of the training is to be met by the person attending the training. This will be on a cost recovery only basis.

3.13 Existing drivers who can provide evidence that they have attended equivalent safeguarding training will be exempt from the requirement to attend this mandatory safeguarding training. "Equivalent" in this case means:

- Training in a classroom or group environment
- With a test requiring a minimum pass mark
- With a certificate of attendance or completion.

3.14 Drivers will be required to undergo refresher training every 3 years as prescribed by the Head of Communities. Full details of this refresher training and how to complete it will be provided by the Licensing Officers.

3.15 When considering whether an applicant or licensee is fit and proper to hold a RBWM licence the following question will be posed:

- "Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their condition, to travel alone in a vehicle driven by this person at any time of day or night"
- If, on the balance of probabilities, the answer to this question is 'no', the individual will not be granted a RBWM licence

3.16 If a licensing officer has reason to believe that the English language proficiency of an existing RBWM hackney carriage driver's licence holder is insufficient to meet the needs of the job, and in particular;

- a) the ability to understand written documents, such as policies and guidance,
- b) the ability to understand training and written policies and guidance relating to the protection of children and vulnerable adults and applying this to identify and act on signs of exploitation, and
- c) oral proficiency to enable reasonable communication with passengers, and in particular the identification of potential exploitation through communicating with passengers and their interaction with others, the licensing officer will require that the applicant or licence holder undertakes English language proficiency testing, both written and oral, and provide the results of those tests within 28 days.

Failure to comply with this requirement may result in the refusal of the application, or the suspension of an existing licence until the testing is completed.

3.17 From 01 April 2024, all existing licenced drivers, and new applicants for a licence, must enable the Licensing team to check their DBS for new information every six months by;

- i) applying and paying for their enhanced DBS on-line via an agreed third-party company,
- ii) registering and paying for the Disclosure and Barring Service (DBS) Update Service, and renewing this annually,
- iii) authorising access by RBWM licensing officers to perform a status check of their DBS at any time during the duration of their licence using the “DBS Update Service Status Checks” facility provided by the third part company and meeting the cost of this facility through their drivers’ licence from 01/04/2025.

Where a licence has been revoked or suspended, or where a new application has been refused, an appeal against the Council's decision may be made to the East Berkshire Magistrates Court within 21 days.

Penalty Points System

The introduction of the Penalty Points System is to provide an effective enforcement process for Licensing Officers in respect of Hackney Carriage and Private Hire Driver and Vehicle Licence holders, as well as Private Hire Operators who are found to be in breach of local or national conditions and policies relating to the licensing functions.

The emphasis of the Penalty Point System is to increase and ensure the safety and wellbeing of members of the public as well as compliance with legal requirements.

The system is only intended to ensure compliance by those licence holders who it is proved have breached or are in breach of the rules and regulations that they should be complying with.

The system operates in line with penalty points endorsed on a driving licence and that is where 12 unspent penalty points are accumulated this will result in referral to the Licensing Panel. Penalty points being spent three years from the date of being administered.

Licensing Officers reserve the right to refer cases straight to a Licensing Panel rather than imposing points, where they consider the seriousness of the case merits doing so.

Where a referral is made to the Licensing Panel, it will be that Panel's decision on what further action, if any, should be taken – such action could include the suspension or revocation of the licence.

Where penalty points are administered by a Licensing Officer and the licence holder wishes to dispute the matter, the licence holder may request for the matter to be referred to a Senior Officer of the Royal Borough of Windsor & Maidenhead, being either a Director or Head of Service.

Such an appeal must be submitted to the Council in writing, stating the grounds for the appeal, within 21 days of administration of the penalty points. Any licence holder also has the right of appeal against a Licensing Panel, Appeals Panel or Senior RBWM Officer decision to the Magistrates Court within 21 days of notification of the decision.

Where the issuing of penalty points means that person receiving the points has accrued 12 unspent points in total and would therefore be automatically referred to the Licensing Panel, any appeal in this case should be heard by an Appeals Panel made up of three Members of the Licensing Panel.

HACKNEY CARRIAGE AND PRIVATE HIRE DRIVER LICENCES STATEMENT OF POLICY ABOUT RELEVANT CONVICTIONS

When submitting an application for a licence to drive a private hire vehicle, to drive a Hackney Carriage vehicle or to operate a private hire firm, applicants are required to declare all convictions or cautions they may have, and if they are currently being investigated or have been charged or summoned for any offence. The information given will be treated in confidence and will only be taken into account for the specific application.

Applicants should be aware that the Licensing Authority will check the Disclosure & Barring Service for the existence and contents of any criminal record held in the applicant's name. Information received from the Disclosure & Barring Service will be kept in strict confidence whilst the licensing process takes its course and will be retained for no longer than is necessary.

A person with a current conviction for serious crime need not be permanently barred from obtaining a licence but they must meet the requirements of the assessment of previous convictions set out below before an application is entertained. Passenger safety will always be the priority when considering previous convictions of an applicant.

The disclosure of a criminal record for any lesser offences or any other concerning information will not debar an applicant from gaining a licence unless officers consider that the conviction or information renders the applicant not a fit and proper person to hold a licence. In making their decision, officers will consider the nature of the offence(s), when the offence(s) took place, the age of the applicant when the offence(s) were committed and any other factors which may be relevant. There is a right of appeal from an officer decision to a Licensing Panel Sub Committee in every case.

Should the need arise any applicant who is refused a licence has a right of appeal (within 21 days of the decision) to a Magistrates' Court.

All new applicants who have not resided in the UK for a full five (5) years immediately before submitting the application must also satisfy the Licensing Team/Committee that they are a 'fit and proper person'. This will require:

- (a) Obtaining a Certificate of good Conduct via the respective embassy from the country(s) where the applicant has resided for the previous 5 years,
- (b) Obtaining a written English translation certificate at the applicant's own expense for the above certificate, where applicable,
- (c) Production of National Insurance details and/or documentary evidence that allows an applicant to work in the UK in line with Immigration requirements.

Each case will be decided on its own merits.

The assessment of previous convictions is as follows:

Crimes resulting in death

Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

Exploitation

Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual abuse, exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list.

Offences involving violence against the person

Where an applicant has a conviction for an offence of violence against the person, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Possession of a weapon

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Sexual offences

Where an applicant has a conviction for any offence involving or connected with illegal sexual activity, a licence will not be granted. In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any barred list.

Dishonesty

Where an applicant has a conviction for any offence where dishonesty is an element of the offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Drugs

Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed. Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least five years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense to demonstrate that they are not using controlled drugs.

Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Motoring convictions

Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the granting of a licence. However, applicants with multiple motoring convictions may indicate that an applicant does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally. Any motoring conviction while a licensed driver demonstrates that the licensee may not take their professional responsibilities seriously. However, it is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence may not necessitate the revocation of a taxi or private hire vehicle driver licence providing the authority considers that the licensee remains a fit and proper person to retain a licence.

Drink driving/driving under the influence of drugs

Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least seven years have elapsed since the completion of any sentence or driving ban imposed. In the case of driving under the influence of drugs, any applicant may also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Using a hand-held device whilst driving

Where an applicant has a conviction for using a held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Convictions under the Town Police Clauses Acts and Part II of the Local Government (Miscellaneous Provisions) Act 1976

Convictions under these Acts are taken very seriously, as the legislation is in place to protect members of the public. In particular, an application will not normally be entertained where the applicant has been convicted of an offence under the Acts at any time during the twelve calendar months prior to the application or has more than one conviction during the last two years prior to the application.

An existing licence holder with any conviction under this legislation will have their licence reviewed immediately.

Nothing in this guidance / policy will remove an applicant's right to appeal to a Magistrates Court against the Council's refusal to grant or renew a licence, or decision to suspend or revoke a licence, or against any conditions which may have been imposed on any such licence by the local authority. Such appeal is to be made in writing within 21 days of the refusal or decision.

DISCLOSURE GUIDANCE / REQUIREMENTS

Applicants should note that to make a false statutory declaration is a serious criminal offence, punishable upon conviction by imprisonment for a term not exceeding two years or to a fine to be decided by the court or both. This statutory declaration may in certain circumstances be forwarded to the police for examination.

Applicants for driver licences are required to declare **ANY** convictions or cautions including those regarded as “Spent” under the Rehabilitation of Offenders Act 1974.

The information you give will be treated in confidence and will only be taken into account in relation to your application.

You should be aware that the Licensing Authority is empowered in law to check with the Disclosure & Barring Service for the existence and content of ANY criminal record held in the name of the applicant. Information received from the Disclosure & Barring Service will be kept in strict confidence while the licensing process takes its course and will be retained for no longer than is necessary.

The disclosure of a criminal record or other information does not debar applicants from obtaining a licence unless the Council considers that the applicant is not a ‘fit and proper person’ to hold that licence.

In making this decision the Council will consider the nature of the offence(s), the period since convictions(s), at what age the offences were committed and any other relevant factors.

The Council will not be considering whether a person is guilty of the offence for which they have been convicted or cautioned for an offence but whether he or she is a ‘fit and proper person’.

RBWM Licensing will make referrals to the DBS;

- i) when a decision to refuse or revoke a licence is because the individual is thought to present a risk of harm to a child or vulnerable adult;
- ii) an individual has harmed or poses a risk of harm to a child or vulnerable adult;
- iii) an individual has satisfied the ‘harm test’; or received a caution or conviction for a relevant offence and;
- iv) the person they are referring is, has or might in future be working in regulated activity

This document can be revised at any time to reflect Acts of Parliament, new legislation, associated revisions to existing legislation and / or policy changes as approved by the Licensing Panel.
